## **General Instructions and Information**

#### Who Must File

Every regulated investment company (RIC) or fund of such company, as defined in IRC Sections 851(a) or 851(h), that is organized under the laws of Utah shall file form TC-20R.

#### When to File

Returns shall be filed on or before the 15th day of the fourth month following the close of the taxable year.

#### **Minimum Tax**

There is a minimum tax (privilege tax) of \$100 on every regulated investment company regardless of whether the regulated investment company exercises its right to do business.

#### **Filing Extension**

An extension of time to file your tax return is NOT an extension of time to pay your taxes. You are automatically allowed an extension of up to six months to file your return. However, if the prepayment requirements have not been met on or before the original due date, penalties will be assessed.

#### **Prepayment Requirements**

Every regulated investment company having a Utah tax liability of \$3,000 or more in the current year, or which had a tax liability of \$3,000 or more in the previous year, must make quarterly estimated tax prepayments.

A regulated investment company is not subject to the prepayment requirements for the first year that regulated investment company is required to file a return in Utah if the regulated investment company makes a payment on or before the due date, without extension, equal to or greater than the minimum tax.

Prepayments are due in four equal payments on the 15th day of the 4th, 6th, 9th and 12th months of the regulated investment company's taxable year. Regulated investment companies may elect to make the quarterly prepayments equal to 90 percent of the current year's tax or 100 percent of the prior year's tax. As defined in Section 6655, Internal Revenue Code, the applicable percentage of the required annual payment for annualized income installments, for adjusted seasonal installments, and for estimated tax payments based on the current year tax liability is the following:

<u>Installment</u>	<u>Percentage</u>		
1st	22.5		
2nd	45.0		
3rd	67.5		
4th	90.0		

If a taxpayer elects a different annualization period than the period used for federal purposes, the taxpayer must make an election with the Tax Commission at the same time as provided in Section 6655, Internal Revenue Code. Prepayments should be made with form TC-559, Corporation Tax Payment Coupon Booklet.

Regulated investment companies not making the required tax prepayments are subject to a penalty as stated in "Penalties," below.

#### **Exceptions to Penalty**

 Annualized Exception: A regulated investment company may annualize its income before determining the amount of each installment. It is recommended that federal guidelines be followed in determining annualized income. If the regulated investment company meets the annu-

### **Important Information Regarding Extension of Time to File**

An extension of time to file your tax return is NOT an extension of time to pay your taxes. You must pay your tax due by the due date. You are automatically allowed an extension of up to six months to file your return. However, if the prepayment requirements have not been met on or before the original due date, penalties will be assessed.

If you need an accommodation under the Americans with Disabilities Act, contact the Tax Commission at (801) 297-3811 or Telecommunications Device for the Deaf (TDD) (801) 297-3819. Please allow three working days for a response.

**Need more information?** You can find additional tax information and forms on the Tax Commission's web page, at: http://www.tax.ex.state.ut.us

- alized exception at the federal level, for any installment, indicate by checking the appropriate box on form TC-20R, line 14.
- Recurring Seasonal Exception: A regulated investment company with recurring seasonal income may annualize its income before determining the amount of each installment. It is recommended that federal guidelines be followed in determining seasonal income. If the regulated investment company meets the seasonal exception at the federal level, for any installment, indicate by checking the appropriate box(es) on form TC-20R, line 14.
- 3. Prepayment of minimum tax:
  - a. Regulated investment companies that met the prepayment requirement in the *current* year and that had a tax liability of \$100 (the minimum tax) for the previous year, may choose to prepay the minimum tax amount of \$100 on the 15th day of the 12th month instead of four increments of \$25.
  - b. Regulated investment companies that met the prepayment requirement in the *previous* year and have a tax liability of \$100 (the minimum tax) in the current year, may choose to prepay the minimum tax amount of \$100 on the 15th day of 12th month instead of four increments of \$25. In this scenario, the regulated investment company must pay \$100, not 90 percent.

#### **Penalties**

The penalty for *failure to file a tax due return* by the due date is the greater of \$20 or 10 percent of the unpaid tax. In addition, if a tax balance remains unpaid 90 days after the due date, a second penalty, the greater of \$20 or 10 percent of the tax balance, will be added for failure to file timely.

The penalty for *failure to pay tax due* as reported on a timely filed return, or within 30 days of a notice of deficiency, is the greater of \$20 or 10 percent of the tax due.

The penalty for underpayment of extension prepayment is 2 percent per month of the unpaid tax during the extension period.

Penalty for failure to file an information return or complete supporting schedule is \$50 for each return or schedule to a maximum of \$1,000.

For a list of additional penalties that may be imposed, please refer to Utah Code Section 59-1-401.

The Tax Commission will calculate the penalty for underpayment of required prepayments. Taxpayers who would like to calculate their own penalty may contact the Tax Commission at (801) 297-7790 for assistance.

#### **Interest**

The interest rate applicable for all taxes and fees administered by the Tax Commission shall be two percentage points above the federal short-term rate in effect for the preceding fourth calendar quarter. This rate is published by the Internal Revenue Service in September of each year.

The interest rate for all taxes and fees administered by the Tax Commission for the 1999 calendar year is 7 percent.

#### **Rounding off to Whole-Dollar Amounts**

All entries must be made in whole-dollar amounts.

#### **Amended Returns for 1998**

# An amended state return for 1998 should be filed promptly once you discover:

- 1. an error on your state or federal return after it has been filed; or,
- your federal return is audited or adjusted by the IRS and the IRS audit or adjustment affects your state return. You must report such changes or corrected net income within 90 days of the IRS's final determination.

If you need to amend a return for a tax year other than 1998, please use the tax form and instructions for the year you are amending.

Do not submit an amended return for the purpose of claiming a loss carryback refund. This is automatically calculated by the Tax Commission. Any refund will be mailed to the corporation.

To qualify for a refund or credit, an amended return must be filed within three years following the date the original return was filed. A return filed before the due date is considered filed on the due date.

To amend a previously filed 1998 income tax return:

- check the amended box located at the top of the return; and
- 2. indicate the reason for amending, by writing the number in the box provided on the return.

#### The Reasons for Amending

- you filed an amended return with the Internal Revenue Service (you must attach a copy of your amended federal return);
- 2. you made an error on your state return (attach an explanation of the adjustments made);

- federal audit adjustments which resulted in changes in federal taxable income were issued and became final (attach a copy of the IRS adjustment);
- **4.** other (please attach explanation to return).

Complete the return entering the figures as corrected.

When filing an amended return, enter the amount of tax paid with the original return and/or subsequent payments of the tax prior to filing this amended return less any previous refunds (exclude refund interest). See instructions for TC-20, Schedule A, line 19.

**REMEMBER**, except for the amounts you amend, the amounts you place on the return must match your original return.
